EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Donald L Stephens on August 20, 2009.

The application has been amended as follows:

IN THE CLAIMS

Claims 66-85 and 90-111 have been cancelled.

Reasons For Allowance

2. The following is an examiner's statement of reasons for allowance: Claims 52-65, 86-89 have been found allowable since the prior art of record, either alone, or in combination, neither discloses nor makes obvious an illumination system comprising among other features, a fly-eye mirror located downstream of a collimator having multiple unit mirrors, wherein at least one of the unit mirrors of the fly-eye mirror has specific structure to correct at least a portion of the one or more uneven illumination distributions in the illumination area, as recited in the instant claims of the present application.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
